FOREWORD

Occasion makes it mandatory that the two yearbook publications of both Norwood and Norfolk be combined into one complete publication.

Having the first opportunity for the students of both schools to work cordially together on the yearbook, we take pride in presenting to you a still better publication.

Material herein recognizes contents of interest and careful planning. We appeal to your approval.

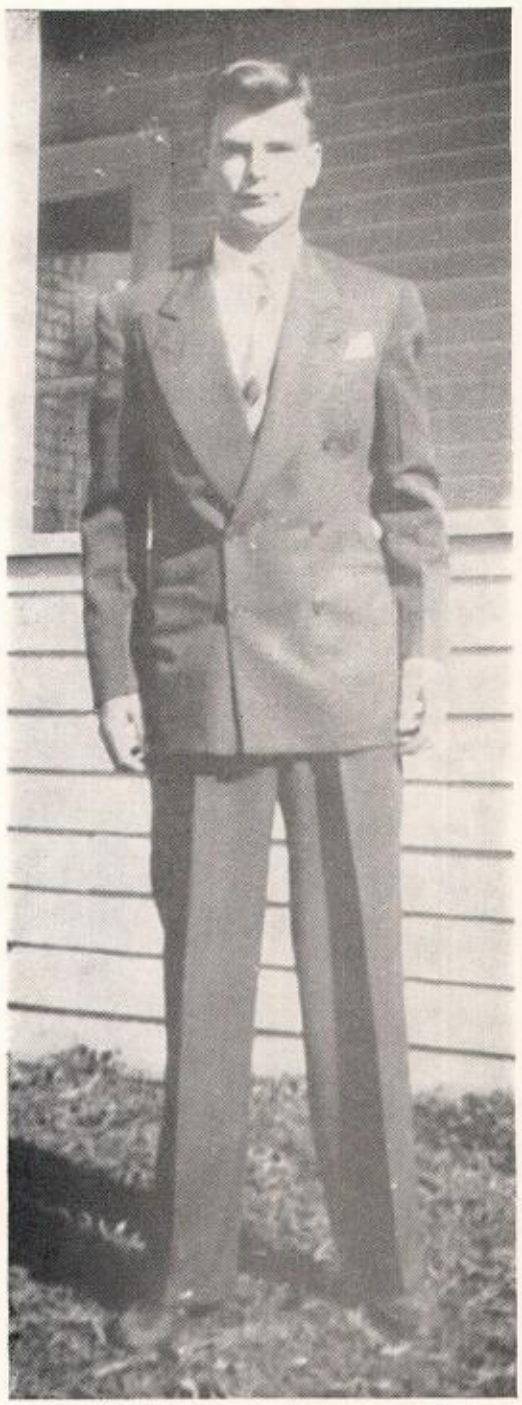
The staff sincerely hopes that future recollections may be focused on your scholastic activities, events, and your fellow-students, which will provide a memorable source of enjoyment for each and every one of you.

The congenial attitude of the combined staff members marks one step further in reflecting the spirit of progressiveness requisite in centralization.

Being a vital factor in the development of this publication, we hereby acknowledge our obligation to our many advertisers who, year after year, provide us with funds with which to continue our school publication.

IN MEMORIAM

We, the class of 1950, to show our feelings for a former classmate, dedicate this year book to the memory of Maurice Quigley, Jr., son of Mr. and Mrs. Maurice Quigley, 18 River Street, Norwood, N. Y.



Maurice Quigley, Jr., also known as "Mike", was born on February 8, 1933. He attended Norwood High School until his death. He would have been a member of our graduating class this year.

During his high school days, Maurice was very active in extra-curricular activities. He played on the track, soccer, baseball, and basketball teams. He was also a member of the school band.

Maurice was stricken very suddenly with infantile paralysis on September 24, 1949, and passed away on September 27, 1949. To have a classmate of ours taken from us so suddenly was indeed a great shock.

Recognition

The Senior Class of the Norwood Branch of the Norwood-Norfolk Central School wish to take this space to recognize two people who have rendered service that has been beyond their job.

HELEN CALNON

To Helen Calnon, in recognition and appreciation of her patience and untiring efforts to instill in her pupils a sense of loyalty, integrity and good citizenship.

To Mr. W. W. Leonard for his service on the Board of Education of Norwood for 47 consecutive years, many of these years as president. Such sacrifice of time is certainly appreciated.

SCHOOL BOARD

Centralization called for a new Board of Education to cover both Norwood and Norfolk districts. This new board found itself affronted with many new problems that came with centralization.

Kinsman Wright was elected president of the new board and they pitched right into the new business. We wish to express congratulations on the fine work they have done.

OUR PRINCIPAL

This past school year has been a very busy and enjoyable one for me. It has seen the wheels of centralization get under motion, with all of the work and satisfaction that a venture of this type entails. It is enjoyable because, in the light of present accomplishments, we can see a much brighter future, not only for our pupils but for all who are a part of our great central district. It is a goal toward which we have been working for a long time, and it is gratifying to be approaching the close of the school year and to look back with satisfaction on the many fine things that we have accomplished. I want to take this opportunity to congratulate the members of the class of 1950, the first class to graduate from the Norwood-Norfolk Central School. It has been a pleasure to work with you, and I hope that you, individually, may be happy and successful in whatever new endeavor you may choose.

OUR VICE-PRINCIPAL

FRANCIS W. KELLY

Centralization of the schools came to Norwood, Norfolk, Raymondville and the surrounding area this year. Centralization of schools is not new in New York State, but this one is different from most. Two independent villages that have had high schools of their own have now joined together.

This centralization should provide better education for the children of both villages and surrounding districts than could be expected under the old Union Free School organization.

The next step forward for the voters of this new central district is to vote an appropriation for a new junior-senior high school building. The modernization of the present buildings for elementary school use should be completed at the same time.

We should in a few years have a system of education equal to or better than others in this section of the state. The people of this area have always supported any program for the betterment of their children's welfare.

It would take us about three meetings to come to one decision, but in the end everything turned out for the best. We hope the "Keystoner" can be a good example of what is yet to come.

Senior Class History

We, the Seniors of the Norfolk Branch of the Norwood-Norfolk Central School, are nearing the end of our school days, and we wish to express our appreciation to the principal, the faculty and the board of education for their cooperation with us.

We entered our Freshman class in 1946 with 37 young and gay intellectual students of learning. The class officers that led us through that year were President, Gloria Myers; Vice-president, Sara Hill; Secretary-Treasurer, Geraldine Vigue. Our class advisor was Mr. Johnson, who came to Norfolk that year. Being Freshmen, we were allowed to join band, chorus, athletic clubs, and the Hi-News Staff.

Still young, happy, and carefree, we entered our Sophomore year under the supervision of Miss Taylor. Our enrollment had dropped to 30 pupils

Our class officers were President, Joan Butler; Vice-President, Laura Zappia; Secretary-Treasurer, Peter Molnar.

We started our monetary advancement by sponsoring a dance. Some members of the class also presented a short skit in an assembly program.

As we commenced our Junior year, we began to realize how close we were to graduation, and becoming more serious, we settled down to work. Our class kept dwindling until there were only 22.

Class officers were President, Eleanor Nenoff; Vice-President, Margaret Kocsis; Secretary-Treasurer, Gloria Myers.

We were under the guidance of Mr. Spotswood, who must have gone through a great trial, since this was the year of the Junior rings, Junior play, and Junior Prom. Through great effort on his part and the class, our Junior Prom was a great success. The day our Junior rings came was a hectic one. Everyone was proud of his ring. Throughout the year we added to our funds by having dances, food sales and selling stationery.

One of the greatest projects of the year was the yearbook. Much work was put into it, and it turned out to be a very nice book.

Sally Hill, Margaret Kocsis and Keitha Carr entered the speaking contest with Sally Hill taking first prize for her speech.

Eva Mae Steinburg and Peter Molnar were chosen to marshall the Seniors at graduation.

At last our Senior year, which we had looked forward to, came. Our membership had dropped to 18.

The class officers were President, Eleanor Nenoff; Vice-President, Sara Hill; Secretary-Treasurer, Barbara Packard.

Miss Sullivan, our class advisor, helped us through this memorable year.

Our activities for the year were initiated with a dance with music furnished by the school orchestra. We also immediately began planning to sell Christmas cards. Throughout the year we had food sales, vic dances and a senior play to raise money.

Towards the end of the year we were busy selecting announcements, ordering our caps and gowns and working on the yearbook. The yearbook was much harder to produce than the year before because of the centralization of schools. During the two opportune years that our class has had the yearbook project, Mrs. Root, yearbook advisor, has helped us considerably to produce a successful publication.

The Senior Class as a whole went to the Sunmount Veterans' Hospital on May 12, where the senior play was presented. That day provided us with a most pleasant experience and will go down as a time never to be forgotten.

For our last social highlight of the year, we plan to have our Senior Ball.

We, the Seniors, are now looking forward to the featured event of graduation, which will bring to an end our happy days in the halls of our Alma Mater. We regret deeply that we are leaving our Alma Mater; however, we still have our obligation to the outside world.

Senior Class History

In September of 1946, forty-nine shy students walked solemnly into study hall which was to be our new home room. Our financial difficulties were practically nil that year because of our limited activities. We chose Miss Bishop as our Class Advisor and elected Leanord Worley president. Several of our gallant lads proved indispensible in interscholastic sports.

We entered our second year of high school on sturdier legs than our first. Now that we knew the in's and out's we were ready to settle down and work. First we elected our officers and class advisor. Those elected were: Jackie Kitney, Vice President; Robert Cutler, President; Wallace Fullerton, Secretary; Aletha Wing, Treasurer; and Mrs. Morgan, Class Advisor.

We had a successful year as far as sports were concerned, winning the girls' interclass basketball championship, and also taking an active part in interscholastic sports and cheerleading. For our class assembly we presented a skit entitled "Making a Success of Your Job". We passed our tests in June to become Jaunty Juniors.

Upon entering our third year of high school we elected Joan French, President; Wallace Fullerton, Vice President; James Fuller, Secretary; Janice Fuller, Treasurer, and Miss Bishop again became our Class Advisor. Under her willing supervision, we enjoyed a successful year. Our activities consisted of: scrap drives, food sales, an assembly program, intra-murals and our big event—the Junior Prom. We received our class rings around Christmas time to add cheer to our Christmas season. Before we realized it our finals were upon us, but we passed without too much difficulty to become Seniors at last.

Our first big problem in our final year was the Senior Ball. Although it didn't prove financially successful, in all other respects it couldn't have been better. Because of the tireless efforts of the "Centennial" staff, our senior paper was also a tremendous success. We also put our Senior Play over, receiving congratulations from all. We succeeded in getting our numbers painted in front of each house although we had to battle the Juniors to do so. For our leaders this year, we had Dean Murray, President; Jackie Kitney, Vice President; Joan French, Secretary; Wallace Fullerton, Treasurer, and Mr. and Mrs. Grauman were our Class Advisors.

This year we centralized with Norfolk for sports, the yearbook, senior paper and cheerleading. Although we had our little misunderstandings, we really enjoyed working with them. After passing our finals in June, our graduation was our next and final step to our years of work. Graduation meant an end to our high school days, but we shall always cherish the endearing memories we have accumulated through the years.

Senior Class Prophecy

J. Eleanor Nenoff, a very successful writer and editor of "North Country Life," upon undertaking to write a feature story of a graduating class, searched far and wide to find a school worthy of such esteem. Finally, she decided upon her own alma mater, Norwood-Norfolk Central School, and her own class of graduates, those of 1950. Through much patience and careful study, she unearthed the following information.

Donald Halvorsen has obtained fame as a motion picture and stage actor. Mr. Halvorsen gained his start in show business as the hero of his early hit, "He Couldn't Marry Five." Don has, in the past five years, won four Oscars and three other Academy Awards, and has been, for the past seven successive years, voted the most handsome and the most talented actor.

Beautiful Margaret Kocsis, M.D., is now the head doctor at the Mayo Clinic. Margaret so enjoyed her nurse's training that she remained in the study of medicine for ten years until she obtained her doctor's degree. She has now received this high honor for her marvelous work in the research and discovery of the common cold.

Milton Gooshaw, our famed photographer, is now the most important employee in the photographers' division of the United Nations and has enjoyed immensely his many trips abroad.

Rita Davey is a famous professor at Cornell University and, as a hobby, manages the nationwide Lonely Hearts Club, Incorporated, and gives wise advice to the lovelorn.

Carolyn Tooley has enabled the Metropolitan Opera Company to have the first profitable year in the last 50 years, through the drawing attraction of her beautiful voice. It is rumored that Carolyn will succeed Lily Pons when Miss Pons retires from singing next year.

As a result of her great education in the field of business, Joan Butler is now employed as private secretary to the President of the United States.

World-famed models Gloria Myers and Laura Zappia have now retired from the modeling world and have set up a dress designing business in their home town.

William Kovach is now the head of the Prohibition Party and is seeking to win the Presidential election this year. William is thought to be a likely winner in this election although he is competing against a worthy opponent, Thomas E. Dewey, Jr.

Ida Ashley, one of the outstandingly studious pupils of our class, is now trying to spread the virtues of study to the willing pupils of the Norfolk Business College.

Keitha Carr, who has been an army nurse for the past four years, is now stationed in Hawaii.

Sally Hill, a noted scientist, is now working on new uses for atomic energy for peacetime purposes.

Eva Mae Steinburg now is the proprietor of a Fifth Avenue Beauty Salon. Eva Mae is said to be sponsored by all the famous names in New York Society together with famous theatrical personalities.

Dorothy Debien is now the Chairman of the Red Cross of America. Dorothy is the founder of many homes for the needy.

Barbara Packard is now singing with the Robert Shaw Chorale. Barbara plans to make personal appearances throughout the North Country during the following year.

Peter Molnar, Senator from New York, has been the object of much debate during the past years in his efforts to put through a bill titled "Molnar's Aid to Farmers."

Frank Arquitte is also among the New York Society. Frank is now the owner of the Stork Club. Frank is said to be the second wealthiest man in the United States.

So ends the Prophecy of the class of 1950

Postscript: Miss Nenoff's human interest story won the Nobel Prize for fine literature.

Senior Class Prophecy

"Dial 20 left," "check radium dials," "cross michrome wires." We're on our way! Where, did you say? Oh! Didn't we tell you? Our time machine has been perfected, and we're on our way into the future—20 years to be exact.

We're now in the metropolis of Norwood. The place has really changed since the Seaway went through. There's the mayor leading a graduation procession around the square. Why it looks like Bob Cutler. My, he certainly has changed.

Looks as if everyone is wearing glasses. Oh! We can see why. Wallace Fullerton is the optometrist. He certainly made his million.

It looks like Lee Wing walking into the Atomic Jazz Club. There's a sign—let's read it. "Lee Wing, Her Saxophone, and Her Orchestra." We knew she'd make it.

On the site of the old Colbert farm, we see a huge estate. There's Doris Colbert. It looks like she finally got her horse ranch.

Ann Billings now owns her own music shop. It seems she's been writing a few songs on the side.

We see that Jean MacDonald is right where we left her. Only now she's living in a glass house and has three children.

James Fuller has an enormous farm of his own. It's a truck farm and he sells his produce to Sing Sing.

We see that since Harold St. Pier spent so much time at Harrington's, he has become a nurse. Only his main interest is running a recreational center.

Helen Weaver is happily married now. Her husband is a professor at Syracuse U.

We're glad to see someone has gone into a prosperous business. There's Dolly Orologio in her swank dress shop.

Peggy Post is dividing her time between her four children and the kindergarten class in the new elementary school.

Don Feickert is now a professor at Norwood All-State University.

There's Doris Spencer. She's now champion lady-boxer of the world.

Donna Martin has gone to Hollywood to make a picture. It's entitled "How to Be At Home in School".

Janice Fuller is happily operating the city dog kennels. The only thing wrong is she adopts every stray dog they bring in. She just doesn't have the heart to kill them.

Kenneth LaRue has his own shipping fleet. He operates between U. S. and Great Britain.

Bev Steinburg now owns her own cocktail lounge. It seems she's been so busy making a success of her business she hasn't had time to get married.

What's that? Why it's Lyle Munson breezing along in his diesel engine. He now owns and operates the Diesel Railway Co.

Joan French is dividing her time between her husband and family and her day nursury. She seems to be quite successful at both.

Barbara DeLaire is now operating a most fashionable beauty salon. All the latest hair styles start here.

Being editor of our school newspaper started Pauline Ayotte on a promising career. She has now become editor of "The Northern Star, Norwood's largest newspaper.

Let's look in on the new Laboratory of Atomic Development For Peacetime Use. Why there's Bill Lyman. He's the head scientist in this new development.

What are all those cages for? Oh! Dean Murry is running a hampster farm. It's the same old Dean all right.

Dick Relyea is now the chief pilot for Transuniversal Airlines. He pilots the non-stop flight to the moon.

Charles Steinburg has captured the heart of the nation with his heppy orchestra, in which he plays the drums divinely.

In our favorite night spot we find Caroline McClure as the star entertainer. Her voice has won her a fortune.

Elizabeth Derushia now runs a tourist camp in what was formerly Knapps' Station. Now it's a suburb of Norwood.

Jackie Kitney decided to follow in her father's footsteps. She's now the Physical Education teacher in the new school.

When we came back to school in September, we began our Junior year under the supervision of Mr. Spotswood, our class advisor.

Our activities commenced with the election of class officers. Those chosen were President, Alfred Smith; Vice President, Jack McGinnis; Secretary-Treasurer, Margaret Gabri.

As a result of a rather inactive Sophomore year, our treasury was low, so we decided to have a dance. The music was furnished by Jack's Jazz Band, and we had a good crowd.

Not to be outdone by previous Junior classes we also sold stationery. Most of the classes co-operated, and we added a satisfactory amount to our treasury.

We thought the day would never come, but one January morning we boarded the school bus with our class advisor and traveled to Norwood, where we, along with the Norwood Juniors, agreed upon a class ring. We waited impatiently for several weeks. March ninth was a day never to be forgotten by the Class of '51, for on that day our class rings arrived.

We had been busy making money, but one February night we had a sleighride. On St. Patrick's Day we combined our efforts with those of the Seniors to sponsor a dance. It was a great success.

In the near future we plan to sell sweat shirts in our school colors.

Plans are now underway for the Junior Prom, which will occur sometime during May. To end our activities of a happy Junior year, we plan to have a picnic.

We had members of our class participating in intramural and interscholastic sports.

At present we are preparing for the Junior Prom and we hope for a good turnout.

The Sophomores have enjoyed this year very much, and hope to have many more like it.

Three Sophomore boys played J.V. basketball this year and the girls also participated in intra-mural and inter-scholastic sports. We had one Vic Dance this year, which was very successful. We also had an assembly, which we presented in the gymnasium. The class officers who were elected were: President, Joyce MacDonald; Vice President, Joe Mackey; Secretary-Treasurer, Tom Robare; Class Advisor, Mr. Donovan.

We wish to thank all of our teachers, our class advisor and Mr. Hann for their leadership through the year.

FRESHMEN

Life began in September for us. We had now entered high school and were happy. We had reached third floor for a homeroom. This didn't better us, but we felt better, and our lockers were up here, too.

School was fun until the second week when we were initiated. The boys were spanked with boards, and then a dark application of lipstick was put on them. The girls had their clothes twisted around until they looked like tramps.

Now that we had entered high school we could join the chorus. All the girls joined except a few who lived out-of-town and couldn't get in for public performances. No boys joined because they didn't like singing.

On March 4 the Norwood Freshmen had a party for us up there. A bus from Norwood came and took us up. Everyone had his or her name attached to himself so that we would know each other's name. Both the boys and girls played basketball. Later we danced and they served cokes, sandwiches, and cookies.

On April 26 we plan to give a return party to them. We hope it turns out as well as their party did.

With our first year in high school happily spent, we all hope to continue on our high school journey with many more memories of joyful times.

VARSITY BASKETBALL

Our first basketball season under centralization was only moderately successful in games won and lost, but it showed a wealth of good sportsmanship in that the players from the two communities merged together as a unit that was playing for the team every minute.

The season opened December 2 and closed March 10, with a team record of five wins and eleven losses. We were sixth in the League. Donald Feickert, the only senior on the team, led in individual scoring. Lawrence Connelly was team captain and won the foul shooting trophy. Tony Germano was awarded a trophy for good sportsmanship.

J. V. BASKETBALL

This year, our first as a centralized school, saw the Junior Varsity squad place third in the league standings with a record of 11 wins and 5 losses. The boys well deserved to win for they fought hard in every game. Much credit goes to Coach Bill Kitney who worked hard to mold the players into the smooth working team they were.

It is the hope of their supporters that the boys will win as many games when they reach the varsity.

1949-50 Hockey

The past hockey season began slowly for Norwood-Norfolk, as for most other teams. Hampered by adverse weather conditions, lack of practice, and the necessity for combining candidates from the two schools into one team for the first time, it was well into the middle of February when the team first tasted victory.

After losing games to all opponents met in league competition, the team journeyed to Lake Placid to engage in the tournament held there. Fired by the spirit of the tournament, and smarting from past defeats, two opponents were forced to admit defeat, thus placing the Norwood-Norfolk team in the final play-off against the powerful Alexandria Bay sextet. Though the game was lost to the Bay team by a score of 6-0, the prestige gained by having played in the finals was very satisfying, and the two-day trip to Lake Placid was no less pleasant than usual.

Since only three players are to be lost to the team this season, next year's team should be able to carve a noticeable niche in the roster of top teams from the larger league planned for next year. But at least two open spots will be noticed in the absence of Jack McGinnis in defensive play and of scrappy George Harris in the wing position. It is probable that replacements will appear from some of the younger recruits.

Junior Varsity Cheerleaders

The Junior Varsity Cheerleaders were very proud this year. All of the cheerleaders strained their lungs at each game.

Cheerleading was changed this year, as Norwood and Norfolk were centralized last spring. It took awhile for the different cheerleaders to become acquainted with each other.

The Junior Varsity Cheerleaders were friendly and always cooperative towards each other. The cheerleaders had fun at the games, and they were always ready to help boost the team on to victory.

I think that the Junior Varsity Cheerleaders were both happy and thankful to have had the opportunity of being a member of the Junior Varsity Cheerleading Squad.

JUNIOR HOCKEY AT NORFOLK

The Junior Hockey season was very short this year. Because of the warm weather only a few practice sessions were held and only three games were played. Our fourth game was to be played at Clarkson College Arena but again the weather prevented the game from being played.

The spirit at the home games was heightened by the presence of three cheerleaders, who brought cheers from the spectators and spurred the team on.

Baseball

Shortly after Easter vacation, baseball practices were begun with about 40 enthusiastic candidates from Norwood and Norfolk for Coach Kitney to choose from. Although practices were hindered by cold weather and rain, a team gradually took shape.

On April 28, the team saw its first action against Madrid and was victorious by a score of 17 to 2. The first league encounter pitted the squad against Gouverneur. The team was again victorious with a score of 6 to 2.

GIRLS' VOLLEYBALL

This year with the careful coaching on the part of Miss Schwartz, the girls had quite a successful season. On April 4, 1950, NNCS played against Parishville in the Norfolk gym. The girls succeeded in winning by the scores of 15 to 3 and 15 to 4. The winners played Potsdam. Again the NNCS girls won by the scores of 15 to 2 and 15 to 14. Because NNCS was the winner they journeyed to Canton to the Sectionals on April 21, 1950. Here the girls succeeded in winning over St. Regis but lost to Canton and Tupper Lake.

In our annual Spring Roundup held on April 20, 1950, the girls entertained the audience by doing a series of stunts on the mats, such as forward rolls, backward rolls, and peanut rolls; cartwheels, handsprings, and dives. On the horse the girls displayed their abilities by squat vaults, side vaults, straddle vaults, and courage vaults. Pyramids proved to be a spectacular finis.

BOWLING

This year for the first time a bowling team was established. There were six girls who entered the tournament in Massena. Considering the fact that it was the first year we feel we were rather successful and hope to do as well in the future.

INTRAMURAL SPORTS

Junior High Basketball—Norfolk Branch

This year's team was composed of boys from the 7th and 8th grades. A total of 8 games was played, of which we won 3 and lost 5. Such teams as the Potsdam Campus School, Ogdensburg Junior High, St. Mary's and Sacred Heart of Massena were encountered. Considering the size of schools played against, one could say that we fared well.

Some of the boys who participated in Junior high basketball were: Chet Hosmer, William Mayville, James Myers, Ronald Bosjolie, Peter Darabon, Ronald Spencer, Philip Lynch, Tommy McGee, Lawrence Haggett, Donald McElwain, Carl Davey and Ronald Dallos.

CROSS COUNTRY

Our first full year in Cross Country was rather successful for a starting team. We won two dual meets and one triangular meet. We placed second in one triangular meet and second in the Sectional Championships.

Edward Colbert was outstanding, finishing first in all but one meet and placing first in the Sectional run at Canton.

JUNIOR HIGH CHEERLEADERS

The Junior High School Cheerleading squad was organized last year by Shirley Royer, who was appointed by Mr. Bremser, the coach of the team. Four girls were selected last year and this year two more were added from the seventh grade.

We went to only one out-of-town game, which was played at Ogdensburg. We cheered at all the home games and tried to keep up the boys' spirits. I think we were successful, for the boys never seemed too downhearted, but when we were behind, all the cheering we did could not straighten Mr. Bremser's brow.

MUSICAL MEMOS

This year the music department made its initial appearance when the band marched in the annual Labor Day parade here at Norfolk.

In October Barbara Packard, Gloria Myers, Carolyn Tooley, Margaret Kocsis, Nina Lavigne, Lois Burls and Alfred Smith went to Potsdam to participate in picked groups in a Music Festival.

Our first program was in November for Parents' Night. The band and chorus each did several numbers and, in addition, the Seventh Grade Girls' Chorus made their first public appearance, as did the Eighth Grade Mixed Chorus. The Majorettes also did a routine.

The Christmas program featured the dramatization of "The Nativity" with an eighty-five voice chorus made up of selected voices from grades four, five, six, seven, eight and Girls' Chorus, singing the traditional carols. The newly formed Male Quartet with members Charles Papp, Alfred Smith, Jack McGinnis and Clyde Simser, made its debut at this time and the Double Trio sang as an echo chorus from the halls of the second floor. The vocal groups sang carols through the halls during several morning homeroom periods.

In January the band gave a concert. The program was very successful with the band playing ten numbers. Carolyn Tooley sang two solos and the Male Quartet sang two. Avis Lavigne and John Richards played two clarinet duets and the Daggett twins, Jean and Joan, played two melophone duets.

The coming of the New Year saw the organization of a forty-five voice Junior High Mixed Chorus composed of selected voices from grades seven and eight. The members have worked very hard and are singing three and four part music. Also organized at this time was the thirty piece Intermediate Band with members from grades five, six, seven, and eight.

Early in May, the entire band and chorus went to Potsdam to participate in the Annual Spring Music Festival.

The courses that were offered this year were general shop and general wood. Many fine projects were made by both classes, as well as by the Junior high classes.

The chemistry students wander into the Lab. one by one. We find seats as near to the table as possible without getting too near the smells. Two people are chosen or volunteer to perform the experiments, and we alternate so that everyone will become familiar with the lab equipment.

Our supervisor, Mr. Kolb, directs the proceedings. Sara and Margaret, the clowns of Chem. Lab., keep everyone smiling with their drawings and witty sayings.

As the experiment proceeds, it holds our complete attention. Some of our experiments are very interesting, and they bring wonder to our minds at some of the reactions that result, only goodness knows what the results will be when we do them.

In future years we will always be able to look back upon Chem. Lab. and the fun we had.

Norfolk Senior Play

"He Couldnt Marry Five" is the amusing title of the three-act comedy which was produced by the Senior class of the Norwood-Norfolk Central chool in the Norfolk School Auditorium on Saturday evening, December 17th. The title describes the major plot of the play, which is all about a young man who goes to visit a family with five eligible daughters and falls in love with each and every one of them! To make things worse, the sisters all fall in love with the young man—or think they do. It seems hopeless, but after many laughable situations, everything finally straightens out to everybody's satisfaction through the common sense advice of the girls' grandmother.

The performance was under the direction of Mrs. Gerald Root.

"He Couldn't Marry Five" was also presented on May 12th at the Sunmount Veterans Hospital.

SEATED: PETER MOLNAR, SARA HILL, CAROLYN TOOLEY, LAURA ZAPPIA, EVA MAE STEINBURG, GLORIA MYERS, MARGARET KOCSIS, BARBARA PACKARD, JOAN BUTLER. STANDING: MRS. ROOT, DONALD HALVORSEN.

Norwood Senior Play

This year's great accomplishment was a three act comedy, "Here We Go Again". Our faithful cast practiced every night for a month. We started out in the English room and after much work advanced to the Town Hall.

The stage crew produced a very effective background designed like the interior of someone's home. They worked for many weeks to prepare it for the "big night." The stage crew consisted of: Mr. Stark, Pauline Ayotte, Aletha Wing, Billy Lyman, Harold St. Pier, Richard Relyea.

The performance was under the direction of Mrs. Frances Grauman.
